Section 3 Certification of Need for Re-Employment

Per SBCERA Board of Retirement Policy No. 032 (Retirees Returning to Work), the following two conditions **must** be met in order for a retiree to be re-employed beyond 18 consecutive months.

Please check both boxes to certify that these conditions apply:

- Extreme Necessity:**
Re-employment is necessary to ensure continued effective operations due to a genuinely extreme circumstance that is unavoidable or could not have been anticipated.
- Limited Duration:**
Re-employment is limited to completing a discrete quantity of genuinely limited work that is expected to be finished within a foreseeable timeframe, such as the completion of a special project.

Section 4 Updated Employment Details

Please provide current updates to previously submitted information regarding this position.

What is the salary range for employees in similar roles, based on the Employer's publicly posted salary schedule? (If the salary range is listed as a monthly amount, divide it by 173.33 to determine the hourly rate.)

Comparable Job Title: Deputy Pilot

Salary Minimum: \$ 52.16 (per hour)

Salary Maximum: \$ 73.69 (per hour)

Retiree's Hourly Pay Rate: \$ 73.69 (per hour)

Please provide an updated description of the specific duties the retiree will perform in this role.

Dan Futscher retired from the Sheriff's Aviation Unit as fully qualified patrol and rescue pilot. Because of his skills, he is needed to fill pilot vacancies within the unit to eliminate a reduction in services to the county. Futscher will fly patrol, search and rescue, and firefighting missions.

Are you currently recruiting for this role?

Yes - If yes, please describe your recruitment efforts below:

Yes, we currently have multiple deputies in training to become fully qualified pilots, but this process takes approximately 7 years before they are fully qualified as pilot in command of our rescue helicopters. We also had two prior safety extra help positions retire within the last year, along with a fully qualified corporal pilot who promoted to sergeant out of the unit.

No

Section 5 Supplemental Questions

Your responses to the questions below will help SBCERA determine whether the requested re-employment meets the required conditions for an extension.

Note: All re-employment beyond 18 consecutive months must be approved by the SBCERA Board of Retirement.

1. How many hours per week does/will the retiree work?

Varies, from 0-20 hours.

2. What special skills or qualifications does the retiree possess that are essential for this position?

Comercially rated patrol and rescue helicopter pilot, night-vision goggle certified.

3. Why is continued re-employment of this retiree necessary?

Helicopter pilot shortage (industry wide).

4. If this re-employment is unavoidable or could not have been anticipated, please explain why.

Shortage of helicopter pilots inustry wide.

5. If the retiree cannot continue in this role, how will your organization address the staffing need?

Cancel shifts, reduces covergae, and creates public safety issues. Overtime cannot sustain due to department policy and FAA flight regulations on hours.

6. What would be the impact on the public, programs, projects, or services if the retiree's employment is not extended?

Less patrol, fire, and rescue helicopter coverage.

Section 5 Supplemental Questions (Continued)

7. Is anyone else currently able to perform the retiree's duties?

Yes, but not enough to fill all shifts. The Aviation Unit covers six different shifts, day valley patrol, night valley patrol, day desert patrol, night desert patrol, rescue, and surveillance.

8. What measures is your organization taking to ensure qualified staff will be in place when the retiree's extension ends?

Consistently training new unit pilots, but the time it takes to train a fully qualified unit pilot takes approximately 7 years. We had three pilots in training during Dan's last extension request. Two have completed their commercial pilot rating, but are not qualified to fly all missions and will not be able to for several years because of unit and department policy and FAA regulations. An additional deputy is in commercial pilot school now.

9. Would the retiree's absence result in a stoppage or disruption of public business? Please explain.

Yes, because of unit and department policy and FAA regulations, flight hours are strictly adhered to and cannot be covered by overtime. This would result in a reduction of shifts.

10. Who would perform the retiree's duties if they were unavailable?

No one.

11. Is there anyone else within the agency currently capable of performing these functions? Please explain.

Yes, but not enough to cover all shifts. At present, the unit is staffed with only nine pilots, of which just four are fully qualified and current to perform the full spectrum of operational missions, including patrol, search and rescue (SAR), hoist operations, and mutual aid response. This creates a significant gap in coverage, particularly when accounting for operational needs, training requirements, leave, and unforeseen absences.

Compounding this issue, the unit lost two experienced "safety extra help" pilots within the past year due to retirement. These individuals previously provided essential surge capacity, operational flexibility, and mentorship to less experienced pilots. Their absence has placed additional strain on the remaining fully qualified pilots, increasing fatigue risk, limiting training opportunities for developing pilots, and reducing the unit's ability to maintain consistent coverage across all shifts.
