 RE: **Legislative Update – October 2024**

---

### **Capitol Update**

The Governor just met his 30-day deadline to take action on the 990 bills that were sent to his Desk. Overall, he vetoed 183 bills, making his veto rate roughly 18% - which has been about his average. Some of the bills that met his red pen were automatic voter registration, a major AI safety bill, and a bill that would have let undocumented immigrants eligible for home loans. During these last few weeks, the Assembly has convened their 2<sup>nd</sup> Extraordinary Session to consider legislation aimed at easing gas price spikes, including the Governor's proposal that would require oil refineries to maintain a minimum supply of fuel. Although, not thrilled with being stuck at the Capitol, legislators are in full campaign-mode, with almost a third of the Legislature's seats turning over in the 100 legislative districts up for election.

### **SACRS is tracking the following bills:**

- **SB 1189 (Limon)** – This bill authorizes the Ventura County Employees' Retirement Association to appoint a Chief Technology Officer. Status: This bill was signed by the Governor on 7/15
- **SB 1379 (Dodd)** – This bill creates an exception to PEPRA from the 960-hour limitation on retired public employees working after retirement for hours worked in an appointment by Solano County Sheriff's Office. Status: This bill was signed by the Governor on 9/29.
- **AB 2284 (Grayson)** – The bill amends the definition of "compensation earnable" to define a work classification "grade" to mean a number of employees considered together because they share similarities in job duties, schedules, unit recruitment requirements, work location, collective bargaining unit, or other logical work-related grouping. The bill was amended on 6/27 to include a provision that requires the Board of Supervisors to pass a resolution to allow for the language to become operational within the jurisdiction. The SACRS Board met on July 18<sup>th</sup> and took an Oppose position. Status: This bill was signed by the Governor on 9/28.

- **AB 2301 (Nguyen)** – This bill, the Sacramento Area Sewer District Pension Protection Act of 2024, provides for the continuation of benefits and pension obligations for employees transferring from the County of Sacramento to the Sacramento Area Sewer District. Status: This bill was signed by the Governor on 7/2.
- **AB 2474 (Lackey)** – This is a SACRS-sponsored bill and was amended in Committee to allow LACERA-only to deposit retirement allowances into prepaid accounts until January 1, 2028, as a pilot program. The bill also provides clarity regarding the ability of a system to deposit pension payments in a member's living trust bank account. The bill also clarifies potential consequences when a retiree exceeds the 960-hour post-retirement employment limit and provides systems with administrative flexibility on that matter. This bill was signed by the Governor on 7/15.
- **AB 2770 (Committee on Public Employment and Retirement)** – This is the annual housekeeping bill that includes various technical amendments for CalPERS, CalSTRS, and '37 Act systems. SACRS is a co-sponsor of the bill. The bill removes the "return receipt" requirements as part of current procedures in statute that systems must follow to locate members and beneficiaries. The bill also conforms the sunset date of January 1, 2025, to the Labor Code for the recently added disability presumption for post-traumatic stress disorder. Status: This bill was signed by the Governor on 7/15.
- **AB 3025 (Valencia)** – This bill creates a framework for making benefit corrections and contribution refunds when disallowed compensation is inadvertently included in pension calculations. This bill includes a penalty to be paid by the employer to the member if compensation is later determined to be disallowed. The bill also includes language that is intended to protect a system's *Alameda* correction process currently underway. The SACRS Legislative Committee is working with the bill's author and sponsor to ensure '37 Act systems can properly implement the bill, consistent with IRS regulations. The bill was amended on 6/27 to expressly state that confidential information is not subject to the California Public Records Act. The author has also agreed to accept one last amendment that clarifies "Initiated a process" to mean a system has formally adopted a resolution "*or made an administrative determination*".

Status: The bill was signed by the Governor on 9/22.

SACRS is also monitoring the following bills that do not impact the '37 Act systems but are of interest:

- **SB 252 (Gonzalez)** – This bill prohibits CalPERS and CalSTRS from making new investments in a fossil fuel company and requires those systems to divest from fossil fuel companies by July 1, 2031, unless the board determines in good faith that the action is inconsistent with the board's fiduciary responsibilities. Status: Dead. This bill was not taken up by the Assembly Public Employment and Retirement Committee.
- **AB 817 (Pacheco)** -. The bill would have provided flexibility for local government agencies to conduct remote meetings under Open Meeting laws. Specifically, this bill would have allowed a subsidiary body of a local agency to teleconference their meetings without having to publicly notice or make all locations publicly available. Status: Dead. This bill did not pass out of the Senate Local Government Committee.
- **SB 1240 (Alvarado-Gil)** – This bill provides for the continuation of pension benefits for employees of El Dorado County Fire Protection District and the Diamond Springs Fire Protection District under a new consolidated district. Status: This bill was signed by the Governor on 9/28.
- **AB 2715 (Boerner)** – This bill allows a legislative body to discuss a threat to critical infrastructure controls or critical infrastructure information relating to cyber security during a closed session. Status: This bill was signed by the Governor on 9/14.

RE: SACRS Legislative Proposals 2026

Dear SACRS Board of Directors,

The SACRS Legislative Committee has developed a legislative package for consideration in the upcoming 2026 legislative session. These proposals reflect the input of SACRS member systems and are intended to provide administrative clarity and consistency to various sections of the County Employees Retirement Law of 1937 (CERL), correct drafting errors, establish uniform practices across CERL systems, and align CERL provisions to similar CalPERS and CalSTRS laws.

We thank the Legislative Committee for reviewing these proposals and engaging in a collaborative, deliberative process to achieve consensus on issues. These amendments represent technical process improvements that will provide administrative efficiencies to retirement systems and members.

Respectfully,

/s/

Eric Stern  
Chair, SACRS Legislative Committee, and  
Chief Executive Officer, Sacramento County Employees' Retirement System

Government Code section 31520 identifies "active" members, but subsequent code sections regarding trustee elections do not. One CERL county has interpreted the statutes to include deferred members, even though they are not specifically identified as voting members in the statute. Most systems do not allow deferred members to serve or vote for active member seats on the retirement board. Clarity and consistency is important across the CERL systems. This clarification also conforms with CalSTRS (Education Code section 22200) and CalPERS (Government Code section 20090) that restrict the board representative and respective voters to active members. |
| 3     | 31540.XX                                                                           | Overpayments                                            | Establishes a 10-year statute of limitation for recovery of overpayments due to fraudulent reports or overpaid death benefits. Conforms to current code sections for LACERA (GC 31540) and CalPERS (GC 20164).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

Non-substantive amendments correct the phrase to "compensation earnable."                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

Conforms to CalPERS practice under Government Code section 21621 and creates a better, uniform standard across pension systems.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| 6 | 31835 | Concurrent Retirement | Clarifies definition of "concurrent retirement" to match the CalSTRS definition in the Education Code section 22115.5. Provides administrative flexibility to concurrently retire reciprocal members on different dates within 30 days of each retirement date, as long as there is not overlapping service. Similar exception already provided in Government Code section 31835.1 to accomodate conflict in concurrent retirement problem due to age eligibility. |

- (c) If any payment has been made as a result of fraudulent reports for compensation made, or caused to be made, by a member for his or her own benefit, the period of limitation shall be 10 years and that period shall commence either from the date of payment or upon discovery of the fraudulent reporting, whichever date is later.
- (d) The board shall determine the applicability of the period of limitation in any case, and its determination with respect to the running of any period of limitation shall be conclusive and binding for purposes of correcting the error or omission.

### Issue 4: Compensation Earnable vs Earnable Compensation

*Amend Section 31621.7 of the Government Code:*

The normal rates of contribution for members covered by Section 31751 shall be such as will provide an average annuity at age 55 equal to one-three hundredth of the member's final compensation, according to the tables adopted by the board of supervisors, for each year of service rendered after entering the system.

Until revised pursuant to Sections 31453 and 31454, the normal rate of contribution of each member is that percentage of the member's ~~earnable compensation~~compensation earnable, shown in the following table according to the member's age at the time of entry into the retirement system:

*Amend Section 31621.22 of the Government Code:*

- (a) Twice the contributions he or she would have made to the retirement fund if he or she had been a member during the same length of time as that for which he or she has elected to receive credit as service, computed by applying the rate of contribution first applicable to him or her upon commencement of his or her membership in this system to the monthly compensation first earnable by him or

her at the time as provided in Section 31641.3, multiplied by the number of months for which he or she has elected to receive credit for county service, including time, if any, prior to the establishment of the system, and which will constitute current service under this system.

Upon deposit of such funds, the employee’s age at entry shall be considered to be his age at time of employment with the city or at the time this chapter was effective in the county whichever is later. Such money deposited under (b) above shall be considered as accumulated normal contributions of the employee and any such money deposited under (c) above shall be considered as contributions of the employer county.

If all of the money called for under (b) above is not paid within 90 days after employment by the county, only the part of city employment latest in date covered by such deposit shall be credited and the age at entry and the amount under (c) above shall be adjusted accordingly.

An employee shall receive credit for city employment prior to his employment by the county only for such service for which he is not entitled to receive a pension or retirement from such city.
